ABOUT US

Shopemet Networks Pvt Ltd was built up in 2018 to offer an extensive assistance to makers of Machnical Equipments, Machineries, Electornic Equipments and building items in Indian markets just as outside India.

From our offices based at Bangalore, we arrange deliveries of a wide range of quality raw materials which we source from leading manufacturers worldwide.

Our expertise in all aspects of procuring and moving goods has resulted in us becoming a leading supplier to manufacturing industries in our market territories.

Shopemet Networks supplies just about any raw material which might be needed, and we control the entire process of moving goods from factory to destination to ensure minimum delays of your consignments. We are also able to consolidate mixed container loads of smaller items at our warehouse, again ensuring safe and efficient carriage to final destination.

Vision

Our vision is to participate consistently in extending generation limits and expanding our Raw material supplying, Auctioning and Multi business capacities with specific goals to meet the developing world wide demand and therefore hold our position at the front of Industrial and Service Business.

To Be industry leader in delivering quality products and quality services and innovative solutions that address our partner suppliers and customers most challenging Raw material needs and Disposal needs for the future. Our efforts is our belief we must operate as a company committed to COC and Principle Values.
